It takes a special vision for a development like this. These guys have it.

The Freeway Development Team just got bigger with the addition of LSE Architects. Tune in to our event with the Burnsville Chamber of Commerce as we unveil our design for a state-of-the-art golf/pickleball entertainment complex at the current Chalet Golf Driving Range at 35W and the Minnesota River.

“We are excited to be part of this project and to help shape a new community gathering space for Burnsville and the south metro. Our team has an affinity for working on projects that bring communities together, and we see this development as a way to turn an underutilized property into a contributing destination for the city of Burnsville.”
